GIRLS

DONATION  
DISTRIBUTION  
IN KENYA

## Dr. Grace Visits Africa

Her first trip to Africa after COVID was a wonderful reunion for Dr. Grace and all the AGHF girls, staff and volunteers. Dr. Grace met many of the newer girls for the first time face-to-face. She visited all the schools in Kenya where Dr. Grace met with school administration, attended an AGHF event and spoke to the girls personally.

## Distribution of Donations

We want to express a special thank you to all our donors. These donations provided 160 girls the tools to stay in school and find success there. **THANK YOU VERY MUCH!** This year we want to also thank **LIGHT THE WORLD GIVING MACHINES** whose support was a miraculous blessing to our foundation. Thank you for every donation!

## How are the girls doing?

Every school Dr. Grace visited reported that AGHF girls are doing excellent. School teachers and administration continually stated that the AGHF girls are consistently some of their best students. The girls have higher grades and participation rates than other students. We commend our girls for their hard work during this last year!

## AGHF Staff Coordinators

Dr. Grace shared how completely impressed she was by the incredible support the AGHF staff is to all the girls. Dr. Grace says, "Our staff have AGHF in their hearts. They treat their jobs as a ministry with all the encouragement and care they give the girls. The staff have a code of conduct for the girls, and they work hard to help each girl continually improve, and they are improving! This is a direct result of the compassion and hard work our coordinators continually exemplify. Thank you so much to each of you!"

**WE SALUTE YOU!!**

THANK YOU  
FOR YOUR SUPPORT
